Invitation

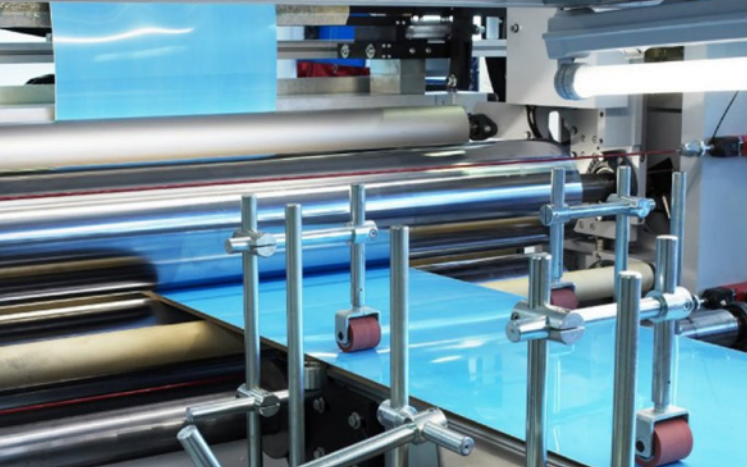

Premiere of the new TL laminating process

28. September - 1. October 2010
(in the scope of the HOMAG Treff)

INDUSTRY

Success with a system

Plants and systems

Innovations in surface processing

Innovations for quality and performance improvement of your surface production

We warmly invite you for the premiere of the new TL laminating process during the HOMAG Treff 2010. We offer you the opportunity to inform yourself about the novelties in the field of laminating technology.

The laminating technology of the HOMAG Group offers you a high productivity and economic efficiency. Due to complete solutions from one source a simple operation and high efficiency are guaranteed - right from the start.

We present you inter alia the new TL laminating process for:

- surfaces with high mechanical strength
- favorable production costs
- a high environmental compatibility

Come by and ask us for comprehensive information.

Lectures

During the HOMAG Treff we offer lectures as to the laminating technology and other current topics:

10:00 a.m. „The optimum zero joint“ for edge banding

11:30 a.m. Re-thought laminating technology

1.00 p.m. Entry level solutions for flexible furniture production

3.00 p.m. Improving machine and plant utilization levels

Live demo of the new TL laminating process

Live demo during the HOMAG Treff daily at 11 a.m., 13 p.m. and 15 p.m.
