

Invitation

4th Smart Manufacturing Event flexible furniture production

28th – 30th October, 2015
at the HOMAG Asia showroom in Singapore

Networked Production:

1,000 m² of innovation and fascination

Dear valued client,

Are you producing furniture locally, nationwide or cross-nationally?

HOMAG, the leading manufacturer in woodworking machines for the furniture industry is pleased to invite you to our annual Smart Manufacturing Event in Singapore.

With you we develop a strategy as to how your entry-level machine of today can become a compact and interlinked manufacturing concept in the future.

Sign up today and visit us from **28th to 30th October, 2015**

We look forward to welcoming you!

Your HOMAG Asia Team

Robert Hensby

Growing with the HOMAG Group!

Let's create solutions

Networked Production

Explore our software capabilities

woodCAD|CAM Software

- > secure, fast and simple - from the design to the machine
- > now available: **NEW!**
woodCAD|CAM 11.0

Cut rite Software

- > generates optimized cutting pattern to maximize your production outcome
- > now available: **NEW!**
cut rite for nesting machines

Label printing and scanning

- > enables part identification in the entire factory

woodWOP

- > higher product accuracy due to video simulation
- > Now available: **NEW!**
woodWOP 7 in 3D

Consulting Solutions

Examine the work of our consulting arm

Creation of factory designs for optimized part flow using the exhibition area as an example

Calculation of throughput

- > The exhibited plant concept is able to process up to 7 kitchens a day*

Services

- > Whether spares, servicing, training or skill enhancement: with us you will be in the very best hands

*Based on 8 items with an average of 12 parts per item

tailored to your factory

Flexible plant concepts

Get to know our flexible plant concepts

The exhibited production processes include:

- > storage concept
- > sawing
- > edge banding
- > drilling and trimming
- > doweling
- > sanding
- > nesting

Exhibits:

- > TLF411/13/08 **NEW!**
- > HPP300/32/32
- > Ambition 1440 **airTec** **NEW!**
- > Ambition 2474 **airTec**
- > BHX050
- > ABD260 **NEW!**
- > SWT335QCH
- > Vantage43M **NEW!**

Highlights

Touch and see our efficient machine operation program powerTouch**

Simple

- > Integrated help and assistant functions are available to simplify working on each machine

Uniform

- > Same operation of basic functions for all HOMAG Group machines

Ergonomical

- > Direct control using touchscreen monitors to access machine functions

Evolutionary

- > Standardized machine control combined with state-of-the-art operating concepts

**Available for selected machines

TOP presentations 2015

Factory optimization

- > benefits of optimized production flow 10:30 am

Networked production

- > software solutions 11:30 am
- > interlinked manufacturing
- > error prevention

Customer experiences:

- > all about storage^{*limited to 20 pax}
benefits of storage solutions 2:00 pm

- > all about nesting^{*limited to 20 pax}
benefits of CNC processing with matrix tables 3:00 pm
